Very much enjoyed it, scenes were amazing and the music killer (especially with my SubPac on). Thank you!

Best and most entrancing visual experience I've had since owning my VR. Thank you all for the mind expansion this was an amazing moment in my shamanic journey.

That was my first party on Wave, just found out about the program yesterday. Absolutely amazing work everyone. Will be more sociable during later parties, VR is in the family room and the whole family is awake.

My art creation from Saturday night's 2019 VR Burn Festival in The Wave VR with record breaking attendance for a community event! It was Burning Man in VR with VJ Sabby Light! This photo taken by VR photographer Chromasnare. This is a recreation of real-life Burning Man art by David McCarty.

This was an incredible #XR experience - the #VR installations were amazing! Seeing our student's piece (Planet Amaris) in this interactive platform was honestly emotional and inspiring moment for me. *Literally jumped and cheered in VR!* Cannot wait to empower more kids/students to this amazing powerful creative platform! Felt amazing pride to see the pieces in grand scale alongside artists and other attendees. Our XR Pioneer viewing/attendees (in IRL) were equally awestruck especially when a new artist scene were revealed. The room would go "Woah!" or "ooOOOooo!" or "WOW!" and "Look ANOTHER DRAGON!"

Also must say AMAZING work Sabby Light #VRAlive Wave Team Lindsey Wallace ! Congratulations to you all and all the amazing global artists that were featured! We are super excited to bring the experience to our XR Pioneer Ltd. #China art and education community and look forward to hosting MORE in Asia! ❤️ #FirstBurn #VR #XR #VRinEdu #socialVR #Community #Arts #BurningMan #Shenzhen #Beijing #China.
